It is a stylish and contemporary beachfront escape resort, overlooking the sparkling, mesmerizing turquoise waters of Athos Peninsula in Halkidiki, Greece. It consists of an exclusive holiday complex of 16 exclusive villas. Many of them have private pools with in-built sunbeds, which tantalize you to maximize the feeling of relaxation in our Mediterranean gardens.

The Challenge

EDISION, TELEVES & ABUS SECURITY products were selected to provide solutions & services for the high-end demands of Avaton Hotel. This project has to do with the satellite and terrestrial TV signal distribution and also for the digital signage feed to the hotel's TV points while also catering for the security of the area, with ABUS SECURITY CCTV systems solutions.

The Solution

EDISION and TELEVES Professional Equipment have been installed by an authorized EDISION technical partner in order to guarantee the top-level distribution of the TV signal while dynamically advertising all the provisions to the hotel's TV points.

Return on Investment

“We collaborated with EDISION for our resort's CCTV and TV reception and distribution systems. Successfully implemented in our facilities, ABUS Security CCTV products and TELEVES TV reception and distribution products provided the upgrade to high-end services in these sectors towards our guests, while at the same time contributed in extending their quality experience of feeling at home, while enjoying their stay at our resort.
